Thanks Mark

FYI - This morning I asked for reporting on any/all EAct application to be included in the RFI from all divisions – to be reported daily via NOC to the FP Joint Intelligence Group

All,

In addition to this, I was just informed on the ADM NSOps call that the PM has asked for a daily sitrep of outcomes. Any reporting from the RCMP will need to go through some process and approval.

An example provided was: 7 people were blocked at a port of entry yesterday...

Sir,

Attached is a tracking chart that PCO wants completed on an ongoing basis. The expectation is this will include concrete steps we have taken and outcomes in the various categories.

I suggest it be sent to the various areas to ensure everyone's contributions are included.

I was just told that it will come up at the IRG.
